GOULD'S WON FROM PORTLAND HIGH.

In One of the Fastest Games Ever Seen in Bethel.

Good standing room was at a premium at the G. A. gymnasium last Friday evening when the G. A. basketball team met Portland High and won a victory which was really a surprise to the most hopeful enthusiasts. None were surprised that Gould's was victorious because though Portland High was known to be the strongest team that Gould's had been up against thus far this season, yet all were fully confident that the home team would win by a good margin. They were agreeably surprised however to note their far superior strength.

Some who attended the game expecting it would be "up and down" to the end were apparently disappointed in what they called an easy walkover, but the game last Friday night was no walkover in the sense that the other games played this season have been walkovers. The Portland High team is composed of basketball players and they played the game, and the remarkable score of Gould's did not come without work.

The home team played the game as we have never seen them play it before and certainly outdid themselves for fast playing, for passing, for signal plays, in fact for all around team work. Excellent work has been done by their coach, and could his services be retained, Gould's could carry off the state championship this year, and they can do it as it is. Wait and see.

A Portland paper referring to the game before it was played said: "Gould's has both a good team and a coach who is doing his best to make the team a victor. The team is full of confidence. We can give the same credit to the Portland boys. They are a good team, good players and a good coach follows. They played a fast game and a decidedly clean game."

The score was 47 to 38 in favor of Gould's.

A REMEDY FOR NEURALGIA OR PAIN IN THE NERVES.
For neuralgia and sciatica Hown's Liment has no equal. It has a powerfully sedative effect on the nerves—penetrates without rubbing and gives immediate relief from pain—quickens the circulation of the blood and gives a pleasant sensation of comfort and warmth.
"For three years I suffered with neuralgia in the head and jaws," writes J. B. Hubbard, of Marietta, B. C., "and had almost decided to have three of my teeth pulled, when a friend recommended me to buy a twenty-five cent bottle of Hown's Liment. I did so and experienced immediate relief, and I kept on using it until the neuralgia was entirely cured. I will never be without a bottle of Hown's Liment in my home again. I use it also for insect bites and sore throat, and I can cheerfully recommend it to any one who suffers from any of the ills which it has mentioned."

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acts directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: P. J. Crown of Great Britain.
The crown is already of great weight—25 ounces and 5 dwts. To add to it the California diamond would increase the weight by about three-quarters of a pound avoirdupois, which, it is estimated, is what the jewel would weigh after it is set. The crown, as it is seen today in the Tower of London, contains 2812 diamonds, 277 pearls and many other exquisite jewels. Its total gem is the ruby, the value of which has been estimated at \$100,000, which was given to the Black Prince in Spain in the year 1267, and was worn by Henry V in his helmet at the battle of Agincourt.
